Fall Sports Are Under Way!!

Each year it seems like the summer moves faster and fall sports are upon us before we know it. Here at Hackett, our athletes have already got their first fall practices of the season under their belts. Expectations are high for all sports this year as we look to build on the success of the 2017 seasons and for some sports avenge a playoff loss or get over that last hurdle towards a possible championship. It's an exciting time in the school building as anticipation for the new school year is palpable, and work is underway to complete summer projects in time for the students return. The 2018-19 school year is going to be a great one, and we are excited to hit the ground running.
