Homecoming at Hackett

As we begin homecoming week, it is important to remember that it is more than just a game and a dance. Homecoming is a celebration of all the accomplishments of Hackett and St. A's and O'Brien. It is also a celebration of our current student body, their talents and spirit. This year we welcome the class of 1968 to be recognized as they celebrate their 50th school reunion on Friday night. During this week of celebration, we reflect on those people who helped form Hackett into what it is today. The students, staff, teachers coaches and administrators that walked the halls and left their mark on the school. We also remember, the parents, families, boosters, clergy and community members who have given us guidance throughout that time. Finally, we look towards the future of Hackett and the students who will fill our halls for the years to come. As Always, GO IRISH!!

Events Next Week
